

Scott County

Arsenal Support Program Initiative (\$8,000,000) - This project will help the Rock Island Arsenal modernize and maintain infrastructure, reduce environmental costs and create jobs in the Quad Cities.

Requested by: Quad City Development Group; 1830 2nd Avenue, Suite 200; Rock Island, Illinois 61201

A-10 On-Board Oxygen Generation System (OBOGS) Retrofit (\$9,000,000) - This project will allow the Air Force to replace manpower-intensive Liquid Oxygen systems with On-Board Oxygen Generation Systems, which reduce costs, increase safety and improve operational flexibility. The Air Force projects that they will save \$12,000 annually on each aircraft that replaces the Liquid Oxygen systems, which are produced in the First District.

Requested by: Carleton Life Support Systems, Inc.; 2734 Hickory Grove Road; Davenport, Iowa 52804

Bettendorf Parkland Acquisition (\$750,000) - This project will help the city acquire 92 acres of land in this rapidly developing area of the city, providing health and recreation opportunities for area residents.

Requested by: City of Bettendorf; 1609 State Street; Bettendorf, Iowa 52722

Big Brothers Big Sisters of the Mississippi Valley Expansion and Enhancement Initiative (\$255,000) - This funding will expand youth mentoring services into rural and high-risk urban populations and help develop new programming to prevent middle and high school children from dropping out of school.

Requested by: Big Brothers Big Sisters of the Mississippi Valley; 130 West Fifth Street; Davenport, Iowa 52801

Blue Grass Public Safety Building Emergency Generator (\$112,500) - The money will be spent to design and construct an emergency generator with automatic transfer switch for disaster preparedness. This will allow the City of Blue Grass to provide emergency services during natural disasters.

Requested by: City of Blue Grass, Iowa; 114 North Mississippi Street; Blue Grass, Iowa 52726

Center for Health Sciences Education (\$1,500,000) - This project will construct a 58,000 square foot facility at St. Ambrose for occupational therapy, physical therapy and nursing programs, providing interdisciplinary learning opportunities and clinical practice for Iowa nursing students. This will help reduce Iowa's shortage of well-trained health care professionals and provide students with the training needed to get good-paying jobs in Iowa's healthcare industry.

Requested by: St. Ambrose University; 518 West Locust Street; Davenport, Iowa 52803

Crow Creek Recreation Trail-Phase II (\$300,000) - This project will complete the construction of the Crow Creek Recreation Trail between Crow Creek Park and Middle Road. This will help connect the entire Bettendorf trail system with the American Discovery and Mississippi River Trails, improving recreation facilities in the Quad Cities.

Requested by: City of Bettendorf; 1609 State Street; Bettendorf, Iowa 52722

Davenport Army Aviation Support Facility#3 (\$2,000,000) - This project will provide a 5000 square foot addition and an alteration to 58,163 square feet of the Army Aviation Support Facility (AASF) #3 and create construction jobs. These improvements will provide the space needed for all military personnel to train to mission standard and provide maintenance to aircraft at the facility. The facility is currently used for disaster response, military training and law enforcement support.

Requested by: Iowa Army National Guard ; 9650 Harrison Street; Davenport, Iowa 52806

EICCCD Sustainable Energy Center (\$500,000) - This project will create a teaching facility and laboratory at Eastern Iowa Community College to teach and develop sustainable and renewable energy, helping launch energy efficiency initiatives and training Iowans for jobs in the renewable energy industry.

Requested by: Eastern Iowa Community College; 306 West River Drive; Davenport, Iowa 52801

Eldridge, Long Grove Cody Multipurpose Recreation Trail (\$1,180,000) - The project will provide two miles of multi-purpose recreation trails along County Road Y64, connecting to existing recreation trails in Long Grove and Eldridge. This also provides safe routes to North Scott Middle School and Eldridge.

Requested by: City of Eldridge; 305 North Third Street; Eldridge, Iowa 52748

Ensuring Educational Access (\$412,000) - This project will enhance science, history, environment and cultural learning in the First District by bringing high-quality educational programming and traveling exhibits to the museum.

Requested by: Putnam Museum of History and Natural Science; 1717 W. 12th St.; Davenport, Iowa 52804

Farmer's Market Redevelopment (\$250,000) - This project will support development of a year-round, indoor/outdoor market, making healthy food accessible to the community and providing Iowa small businesses with additional economic opportunities.

Requested by: City of Davenport; 226 West 4th Street; Davenport, Iowa 52801

Interstate 74 Corridor Construction (\$2,000,000) - This project will fund planning, acquisition and construction to replace the I-74 Bridge, including necessary infrastructure repairs from 53rd Street in Davenport to the Avenue of the Cities in Moline, Illinois. This would significantly improve infrastructure and accessibility throughout the Quad Cities region and create construction jobs.

Requested by: City of Bettendorf; 1609 State Street; Bettendorf, Iowa 52722

Iowa Gateway Center-I-80 and Middle Road (\$2,000,000) - This project will facilitate the creation a technology business park by extending sewer and water services in the region. This will boost economic development opportunities, including the creation of good-paying technology jobs in the Quad Cities.

Requested by: City of Bettendorf; 1609 State Street; Bettendorf, Iowa 52722

Joint Manufacturing and Technology Center (\$4,200,000) - This project will acquire the factory shop equipment needed for the Army's brigade transformation. This equipment will improve overall factory safety and increase efficiency at the Joint Manufacturing and Technology Center.

Requested by: Quad City Development Group; 1830 2nd Avenue, Suite 200; Rock Island, Illinois 61201

Rock Island Arsenal, Building #299 Roof Replacement and Restoration (Phase IV) (\$6,000,000) - This project will create construction jobs to completely remove and properly dispose of the roof material at Rock Island Building #299 that contains hazardous asbestos, replacing the roof with a sound, weather-tight roof.

Requested by: Quad City Development Group; 1830 2nd Avenue, Suite 200; Rock Island, Illinois 61201

Tractor, Rubber Tired, Articulated Steering, Multi-Purposes (TRAM) (\$8,250,000) - This project will allow the Marine Corps to purchase additional multi-purpose Tractor, Rubber Tired, Articulated Steering (TRAMs), which have multi-purpose uses on rough terrain across the globe. These TRAMs are produced in the First District, creating hundreds of jobs for Iowans.

Requested by: John Deere Davenport Works; Highway 61 & Mount Joy Road; Davenport, Iowa 52808

Transit Maintenance Garage Initiative (\$2,800,000) - This project will design and construct a transit maintenance garage to streamline maintenance and operation functions, increasing safety and efficiency. This garage would create operational savings that could help expand public transit routes throughout the Quad Cities.

Requested by: City of Davenport; 226 West 4th Street; Davenport, Iowa 52801

West Side Diversion Tunnel Project (\$2,000,000) - This project will construct a sewer serving 20 square miles of property and addressing sanitary sewer backups in surrounding neighborhoods. Currently, growth and development in Davenport is limited because of sewer capacity problems; this sewer extension will create construction jobs, allow development on an additional 20 miles, and increase pipe capacity in other areas of the city.

Requested by: City of Davenport; 226 West 4th Street; Davenport, Iowa 52801
